

# Maximilian Rücker

📍 Ulm University    ✉ maximilian-ruecker@web.de    in Maximilian Rücker    🌐 RueckerM

## Education

---

<b>Ulm University</b> <i>PhD in Mathematics</i>	Mar 2023 – today
<ul style="list-style-type: none"><li>Research topic: High-Dimensional Panel Data Models (Linear and Non-Parametric models)</li><li>Supervisor: Prof. Dr. Michael Vogt</li></ul>	
<b>Ulm University</b> <i>M.Sc. in Mathematics</i>	Mar 2021 – Mar 2023
<ul style="list-style-type: none"><li>Thesis: "High-Dimensional Inference with the Lasso."</li><li>Overall Grade: 1.2</li></ul>	
<b>Ulm University</b> <i>B.Sc. in Business Mathematics</i>	Oct 2017 – Mar 2021
<ul style="list-style-type: none"><li>Thesis: "Fractional Poisson Processes and Fractional Poisson Fields."</li><li>Overall Grade: 1.8</li></ul>	

## Working Experience

---

<b>IHK Ulm</b> Honorary worker at the German Chamber of Commerce and Industry (IHK)	June 2021 – today
<b>Hannover Re</b> Intern at Advanced Solutions Germany	Sept 2020 – Nov 2020

## Scientific Activities

---

<b>Workshop organisation</b> Organisation of a workshop for PhD students in mathematics at Ulm University.	July 2025
<b>Preprint Paper</b> <ul style="list-style-type: none"><li>Submission of the paper "Estimation and Inference in High-Dimensional Panel Data Models with Interactive Fixed Effects" (joint work with Oliver Linton, Michael Vogt and Christopher Walsh).</li><li>R-package <code>hdcce</code> available at GitHub.</li></ul>	Nov 2024
<b>29-th International Panel Data Conference (IPDC)</b> Speaker at the IPDC 2024 in Orléans about "Estimation and Inference in High-Dimensional Panel Data Models with Interactive Fixed Effects".	July 2024
<b>R-package</b> R-package ??? available at GitHub for the estimation of the Lasso's effective noise proposed in "Estimating the Lasso's Effective Noise" (2021) by Johannes Lederer and Michael Vogt.	Mar 2023

## Teaching Experience

---

<b>Teaching assistant</b> High-Dimensional statistics.	Oct 2024 - Mar 2025
<b>Scientific assistant</b>	May 2023 - Sept 2024
<b>Student assistant</b> Tutor for the courses: Measure theory, Calculus, Econometrics, Stochastic processes and Probability theory.	Oct 2019 - Mar 2023

## Skills

---

**Programming languages**  
R, Python, Java and MATLAB.

**Technologies**  
LaTeX, GitHub, HTML and Microsoft Office.
